

The Brim

Travertine pendant with opal glass globe

A turned wooden cap, a wide and shallow shade of natural travertine, and an opal glass globe just beneath the stone. Lit, the globe glows warm and washes the underside of the shade, so the light falls onto the table rather than into your eyes.

INSTALLATION & CARE

- For dry indoor rooms only (IP20). Not suitable for bathrooms or outdoor use.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- Use a G9 LED bulb; one is supplied.
- Travertine is a natural stone: dust it with a soft, dry cloth and avoid water or cleaning products.
