

The Duet

Two enamelled shades, plug-in, no wiring

Two glossy enamelled shades meet in front of a round black wall disc, one lighting up and one lighting down. It plugs into a UK socket and switches on from the cord: no electrician needed.

PLACEMENT GUIDE

Beside a bed	Centre it about 120–140 cm from the floor, one each side, with the cable running down to the socket.
Above a desk	About 40–50 cm above the desk top, so the light falls onto the work surface.
Cable	Plan the 150 cm cable to reach a socket; a cable cover keeps it neat on the wall.
