

The Gallery

Rechargeable brass picture light, no wiring

A classic picture light in a brushed brass finish: a slim bar on a hinged arm that throws an even, warm wash of light down a painting, a print or a mirror. The battery is built into the wall box, so no electrician is needed.

Charging	USB cable, supplied

PLACEMENT GUIDE

Above a mirror	Centre the bar 5–10 cm above the frame, a little narrower than the mirror.
Over a painting	Choose a length about half to two thirds of the frame width, centred above it.
Over a sideboard or shelf	Fix it about 30–40 cm above the surface for an even wash of light.

Brass hinge and arm

USB charging

INSTALLATION & CARE

- No mains wiring: the light runs on its built-in battery and needs no electrician.
- Charge fully over USB before first use; a full charge gives up to 4 hours of light.
- For dry indoor rooms only (IP20).
- Wipe with a soft, dry cloth.
