

The Jib

LED disc on a swinging ceiling arm

A hinged metal arm swings out across the ceiling, and from its tip a slim cord drops to a flat LED disc with a small ball on top: the light goes over the table even when the ceiling point does not.

INSTALLATION & CARE

- For dry indoor rooms only (IP20). Not suitable for bathrooms or outdoor use.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- The LED is integrated: there is no bulb to replace.
- Wipe with a soft, dry cloth.
