

The Monolith

Travertine wall light

A solid block of travertine with a long, warm ribbon of light beneath it. The light washes down the wall while the stone shows off its natural grain.

In morning light

INSTALLATION & CARE

- For dry indoor rooms only. Not suitable for bathrooms or outdoor use.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- The LED is integrated: there is no bulb to change.
- Dust the stone with a soft, dry cloth. No water or cleaning products.
- Natural travertine: tone and veining differ on every block.
