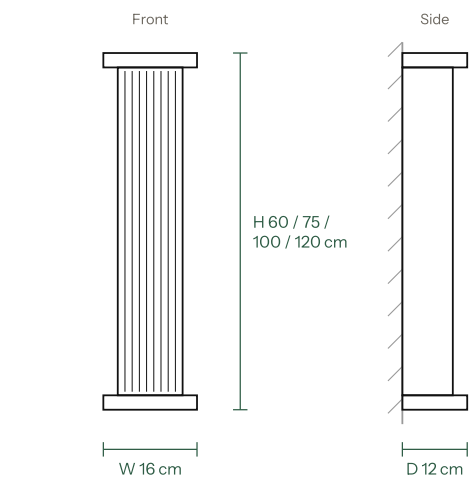
DIMENSIONS



Front and side elevation · not to scale

Width × depth	16 × 12 cm, every height
Heights	60, 75, 100 or 120 cm

PLACEMENT GUIDE

Beside a front door	One each side, the centre of the light at about head height.
On gate piers or pillars	Centred on the face of each pier, about two thirds of the way up.
Along a façade or garden wall	Space several evenly, about 1.5–2 m apart, at the same height.

DETAILS

Fluted diffuser under a black cap

Solid black metal frame

INSTALLATION & CARE

- Hermetically sealed chassis for outdoor use, built for rain, wind and dust.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- The LED module is integrated: there is no bulb to change.
- Wipe the frame and diffuser with a soft, damp cloth once switched off.
