

The Quarry

Natural travertine flush ceiling light

A shallow bowl of natural travertine, finished where it meets the ceiling with a slim ring of warm wood. Underneath, an opal diffuser spreads an even, warm light across the room. Each piece keeps the small pores and pits of the stone it was cut from.

Light source	Integrated LED, included · 36 W / 1,600 lm (30 cm), 48 W / 1,800 lm (43 cm), 72 W / 2,400 lm (55 cm)
Versions	Warm White, or Dimmable with Remote (brightness and colour temperature; not for use with wall dimmers)
Supply	Compatible with UK 230 V mains
Rating	IP20 · dry indoor locations only
Installation	Hardwired · professional installation required

DIMENSIONS

Small	Ø 30 cm
Medium	Ø 43 cm
Large	Ø 55 cm
Mounting	Flush to the ceiling

PLACEMENT GUIDE

Choosing the size	Ø 30 cm for landings and box rooms, Ø 43 cm for most bedrooms, Ø 55 cm for living and dining rooms.
Low ceilings	Sits close to the ceiling, so it suits rooms where a pendant would hang too low.
Placement	Centre it in the room, or over the dining table in an open-plan space.

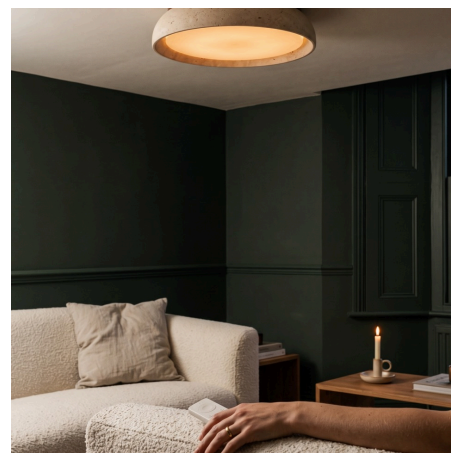

DETAILS

Natural travertine and an oiled wood ring

Dimmed with the remote

INSTALLATION & CARE

- For dry indoor rooms only (IP20). Not suitable for bathrooms or outdoor use.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- The LED is integrated: there is no bulb to replace.
- Natural stone: pores, pits and colour vary from piece to piece.
- Dust the stone with a soft dry cloth; do not use water or cleaning products on the travertine.
