

The Scholar

Opal glass schoolhouse pendant

The schoolhouse shade, kept exactly as it was: a tiered milk-opal glass dome in an antique brass gallery, hung from a twisted fabric flex. It diffuses the light fully, with no glare and no hot spot, and it can also be fitted flush to a low ceiling.

Over a breakfast bar

INSTALLATION & CARE

- For dry indoor rooms only (IP20). Not suitable for bathrooms or outdoor use.
- Must be connected to the mains by a qualified electrician, in line with current UK wiring regulations.
- Switch off at the mains before fitting, cleaning or changing a bulb.
- The LED is integrated: there is no bulb to replace.
- Clean the glass with a soft, slightly damp cloth once switched off and cool.
- Choose the small size for a hallway or a pair over a bar, the large one as a single focal point.
